

My Friend

1A Chan Ka Man

Wendy is my friend. She is thirteen years old. She lives in Sham Shui Po. We usually take the MTR to school together.

Wendy is slim. She has short hair and a small nose. She is very sporty. She likes swimming and playing basketball. We have both joined the basketball team and we often play together after school.

Wendy likes going shopping and listening to music. We sometimes go shopping in Tsim Sha Tsui. We love checking out new CDs at HMV. Her favourite food is ice cream. She is good at cooking. She can cook many kinds of food. She sometimes makes egg tarts and shares them with me. They are delicious.

Wendy's favourite subject is Mathematics. She always helps me with my homework. She is kind and helpful.

Wendy is truly my very best friend.

Teacher's Feedback: It is great to know that you have a good friend who studies and plays with you. You may also write about your feelings about her. (Miss Jacqueline Chun)
