

That's Me

1D Kong Yik Man

My name is Kong Yik Man. I am thirteen years old. I live in To Kwa Wan. I am studying in class 1D at Chan Shu Kui Memorial School in Kowloon Tong.

I have a lot of hobbies, including playing piano, singing and listening to music. I love eating ice-cream, potato chips, mango, lychees and pears. I love going to country parks and shopping malls.

My favourite holiday destination is Japan because I like Mount Fuji. Japanese food and scenery as well as pop stars. They are all my favourites. I also like the culture and history of Britain since the British people. They are very fashionable. As Hong Kong was one of the British colonies, I am very interested in British history.

My ambition is to be a lawyer because I know there are many innocent people being hurt in jail. I don't want to see this anymore, so I want to help those people in the court. Being a lawyer is a prestigious job too!

Teacher's Feedback : A very detailed description about yourself. Good organization. (Miss Susanna Lee)

Food For Thought : If you really want to be a lawyer, I think you need to study hard! Especially English, right?
