

## What Will You Do If You Were A Millionaire?

2C Ng Sze Yan

If I am a millionaire, I will donate money to poor people because they are very poor and miserable.

Next, I will buy many comic books and dolls because dolls are very cute and they are my favourite toys in my childhood. Comic books are very interesting. I like them very much.

Then, I will go to a restaurant to eat anything I like, such as lobster, shark's fins, Japanese food and many others. They are very expensive but very delicious.

After that, I will give some money to my family because they have looked after me for a very long time, I am most grateful to them.
