

A Funny Thing Happened To Me

2C Yvonne Leung

Four years ago, during the Christmas holiday, my family and I went to Korea to spend our holiday. We went there for skiing and to enjoy the food.

First, we went to the Hong Kong International Airport in the morning. After a few hours, we arrived in Korea. Then we went to "Skating-King" and there was a ski slope. We enjoyed skiing and felt happy.

After that, we went to have our dinner. The restaurant was beside the "Skating-King". The food was special and nice. We liked the "Kimchi" very much. It tasted good.

On the second day, we went to Japan and went sunbathing. We felt so relaxed and comfortable. At night, we went to watch the night scenery that included fireworks. It was so beautiful.

On the last day, we went shopping and bought lots of souvenirs. We bought some books, bags, etc.

We went back to Hong Kong with a lot of memories. But we find that Hong Kong is the best place in the world; we have the latest fashion and the best food. Also, there is a lot of different entertainment. We missed Hong Kong very much while we were travelling.

Teacher's Feedback : Good job of writing about your funny experience.

Food For Thought : I agree that Hong Kong is a good place for anyone to stay.

It is really suitable for everyone. However, Hong Kong people need to pay more attention on our environment in order to maintain our competitiveness.
