

My Best Friend

3D Cheung Kin Wa

My best friend is called Ken. He is thoughtful and hardworking. We have known each other since primary one. Ken used to have few friends; he was lonely and unpopular in school. But now he is popular amongst his classmates. He has become the centre of our attention.

Ken and I are really good friends and we always go out for sport. He loves playing basketball in his spare time and so I always go with him. Singing karaoke is one of his best-loved hobbies as well. Whenever he has time, he and I would spend hours at his home singing songs from Jacky Cheung to Joey Yung without getting bored.

Ken is very supportive. I remember we spent hours studying English grammar at the school library after Miss Chan, our English teacher, rescheduled the quiz a week earlier. Ken was such a good friend. While most of my classmates were hurrying home to study on their own, he was the only one who spent the rest of the week with me at the library and help me do the English grammar exercises. At last, we had made it. Both of us got very high scores in the quiz.

Ken is my best friend. I can count on him in good times and bad times. He never rejects me whenever I need help. I am very lucky to have a friend like Ken.
