

## I Like Collecting Apples

1A Ko Kwan Wai

I like collecting apples.  
Of them, I always take a lot of photos.  
They look like tomatoes.  
And with them, I eat noodles.

Teacher's Feedback : What a funny poem! This is perhaps your first poem in English. The words are simple and you have managed to put rhyming words in it. Well done. (Mr. Siu Po On)

Food For Thought : When we write English poems, we have to pay attention to several things at the same time. In the first place, we have to consider our readers. Whom are we writing the poems for? Accordingly, we have to use appropriate language while paying attention to the vivid description of the topic. What's more? Ideally, we need to put rhymes in the poem and refine the lines for that purpose.
