

## My Best Friend

1E Rebecca Shu

She is kind because she always does voluntary work in community centres.

She is smart because she can solve problems quickly and accurately.

She is helpful because she always helps teachers to deal with classroom duties.

My friend is Sally. She is tall with a pair of big eyes. She lives in Sham Shui Po. She is a Form one student. She is also the librarian of our school library. She loves listening to music, both Cantonese and English pop songs. She has over 100 CDs. She also likes playing computer games such as online chess games and online war games.

We can be good friends because she is so kind to everyone. She is also friendly and talkative. I'm so happy to have this friend.

**Teacher's Feedback :** A marvellous effort! This is a well-structured essay with detailed description of your best friend's personality. I'm glad to know that you have a good friend like Sally. (Miss Elloise But)

**Food For Thought :** A friendship takes time to build and cultivate. Do you have any suggestions on maintaining a friendship?
