

## A Love Letter

3A Wu Ka Yin

My dearest,

You rank the highest in my heart. When do I start thinking of that?

I discovered you half of a year ago. At first, I didn't care much about that. One day, I felt boring, so I watched you in the Bang Bang Tang! In this program I began to like you by the first sight. This is the beginning of my love for you. Since then, I watched every of your shows. and I have been surfing for you on the net. I enjoy spending all my time with you. I find hat makes me happy. Although loving you will kill me lots of time and money, I don't really care. I believe my love will be paid off one day. Don't you think I should do all these?

I find my love for you are growing day by day. I couldn't control my love for you any longer. I deeply in love with you and no one will be able to change me. Although I will get hurt and finally lost, I absolutely hope the miracle will work on me. I want to see you every day. If I can't see you, I will be dead.

Two months ago, my computer broke down. Although you were evil then, I still loved you. In my heart, you are my angel and no one can replace you. I cry often because of you. No other creatures can make me cry so bitterly. My world is turning round and round. I wonder how long I would last.

Now, you are coming to Hong Kong on 26th of September and will rest here for nine days. I will be right there, waiting for you and within your sight. Lastly, I want to say to you that I love you!

Love,  
Yin

**Teacher's Feedback :** It is nice to see that you can express your thoughts straightly and honestly for your ideal. It is a good practice for writing personal letters. (Mr. Louis Tsang)

**Food For Thought :** Wouldn't be nice if you can tell your ideal some silly stories about you yourself? This may arouse his attention to you more.
