

A Diary Entry

3E Tang On Ching

Dear Diary,

Today, Agnes, Carol and I went to a day camp on Lantau Island. Since the campsite was a long way from the pier, we needed to walk for a long time to get there. Due to the strong sunshine, we were very thirsty.

At the campsite, we went rock climbing. It was rather challenging. Carol was very scared so she screamed and sought help from me. All I could do was to comfort her and encourage her not to give up. When she climbed down, she hugged me and cried.

Afterwards, we went to the beach to play beach volleyball. It was an exciting game. I hit the ball so hard that the ball dropped into the water. Luckily, a kind young man helped me pick up the ball.

Finally, we had a barbecue on the beach. We prepared a lot of delicious food including sausages, chicken wings, chips, marshmallows, etc. All of us enjoyed our meal and were very full.

At about ten, we went back home by ferry, feeling tired, but happy.

That's all for now. I'm off to bed.

Teacher's Feedback : The day is truly unforgettable with lots of joyful memories. In fact, you may try to explore other outlying islands next time. (Miss Lai Ming Lee)

Food For Thought : It's good for you to embrace challenges as you can discover your own potential through it.
