

A Trip to Hong Kong

1D Chan Yuen Huen

Dear Tom,

Hi! Hello from Hong Kong. Today I visited some of the famous places in the city. I'm writing this postcard at Hong Kong Hotel. I am very happy. I'm having a wonderful trip here with my parents.

On our first day, we went to Hong Kong Wetland Park. There are many animals. It is a beautiful park with fascinating scenery. I took a lot of photos of the animals. On the second day, we went to Ocean Park. We watched the lovely pandas, dolphins and sea lions. They are very cute and I like the pandas the most. Pandas originated in China. It is great to see the cute animals of my home country.

Tomorrow, we are going shopping in Mongkok, Shamshuipo and Tsimshatsui. There are different varieties of clothes, electrical appliances and souvenirs in these places. I hope that we can get many bargains.

We have just returned to our hotel room and now I'm listening to some music. I am feeling very relaxed after a busy day. I think I will fall asleep soon after writing this postcard to you. Bye for now. Good night!

Best wishes,
Vivien

Teacher's Feedback : There are some interesting ideas. Good organization with a clear introduction and description of your trip to Hong Kong. Appropriate tone and style. You may also tell Tom what your parents were doing when you were writing to him and describe the photo on the postcard. (Miss Wong Siu Fung)
