**Title:** The Little Prince

**Author:** Antoine de Saint-Exupéry

**Description:** If there is an all-time favourite for everyone, it should be *The Little Prince*. The plot is simple: a pilot (the author) who is stranded in the desert meets a little prince who comes from another planet. To the little prince, life is simple, so as the world, as the only thing he cares is the amazingly intriguing rose that has driven him to the earth and the beautiful sunset that occurs 44 times a day. In spite of the simple plot, it is much more than a children's tale. It is a story about hope, love, friendship, innocence and discovery. You would surely be amazed by its splendid simplicity, which leads you to the world of meditation. After reading the book, it is difficult not to ask the question: Why are we here and where are we heading to?
